5. Cross Domains (with Estimated Hours per Domain) ***

- The Art and Science of Community Organizing = 3 hours ATOD Prevention Education+ 4 hours Prevention Ethics + 16.5 hours General Prevention
- EWU-ADST 410 Community Prevention Methods, on-line = 4 hours of ATOD Education+4 hours of Prevention Ethics+ 32 hours of ATOD Prevention Education

**Washington State Prevention Summit:* These hours may also fall within ATOD Prevention Education, General Prevention or split into different domains, depending upon the workshop attended. An applicant should clearly document which workshops he/she attended.

***The Institute of Medicine defines indicated prevention strategies as strategies designed to prevent the onset of substance abuse in individuals who do not meet DSM-IV criteria for addiction, but who are showing early danger signs,*

such as failing grades, and experimentation with alcohol/tobacco and other gateway drugs. Indicated prevention programs address risk factors associated with individuals, who have a condition that puts them at very high risk.

***Since hours for trainings, conferences and classes may vary, these guidelines do not specify the exact number of hours for each respective event.

University of Washington School of Social Work Approved Courses
